

“ Ever since we introduced the Monza Spider, tour pros have begged us to put that kind of stability into a blade. We accepted the challenge, and after years of experimenting with different constructions and material combinations we arrived at Spider Blade, an amazing achievement in putter creation that you’ll see a lot of on tour. ”

## THE MOST STABLE TAYLORMADE BLADE EVER

- ▶ Tremendously high MOI in a blade-style head—5200—for outstanding twist-resistance and distance-control on off-center hits.
- ▶ 130-gram grip counterbalances head-weight to help you swing the head smoothly and on path.
- ▶ Counter-balanced Spider Blade is 50% more stable based on overall club MOI values than a traditional putter.
- ▶ PureRoll Surlyn® insert promotes soft-yet-solid feel and smooth roll straight off the face.
- ▶ White leading edge and linear alignment aid in the cavity make aiming easy.
