

BURNER SUPERFAST 2.0 DRIVER

AERO SHAPE FOR FASTER SPEED

WIND FLOWS SMOOTHER
OVER THE CROWN

ROUNDED CROWN
REDUCES DRAG

Exceed Your Speed Limit

"The Burner SuperFast 2.0 Driver was engineered with three things in mind: speed, speed and more speed."

TODD BEACH
TAYLORMADE SENIOR DIRECTOR
METALWOOD RESEARCH AND DEVELOPMENT

- > Long shaft, lighter weight and new low-drag aerodynamics promote faster swing speed for more distance
- > Lightest TaylorMade driver ever - 279 grams
- > Bigger, deeper clubface works with low CG to promote higher launch/lower spin for increased distance
- > Combination of head shape and Inverted Cone face technology create the largest sweetspot of any TaylorMade driver
- > White non-glare crown and black clubface makes alignment easy

SHAFT:

RE*AX® 4.8 - X, S, R, M

GRIP:

B11 Winn Lite - 25g
