

BURNER[®] 2.0

LEGENDARY BURNER DISTANCE PLUS
MORE FEEL AND MORE PLAYABILITY

BURNER[®] 2.0

- ▶ Each iron individually engineered, resulting in the enhancement of multiple club properties that promote distance, uniform distance-gaps, increased playability and better sound and feel
- ▶ Thin-faced, high COR long-irons promote faster ball speed for longer distance
- ▶ CG location in each head is precision-placed to optimize long-, middle- and short-iron flight; high-COR faces promote fast ball speed for long distance in the long-irons

"We've succeeded at creating a better-performing iron with the Burner 2.0, which is just as long, easier to play and more refined in its feel and sound."
