

MAX DISTANCE WITH ENHANCED FEEL

FEATURES:

- **SPEED BRIDGE™**
- **ECHO® DAMPING SYSTEM**
- **SPEED POCKET™**
- **FORGIVING SHAPE DESIGN**

FEATURE	BENEFIT
---------	---------

Speed Bridge™	Revolutionary Speed Bridge™ technology strategically supports the topline of the iron to unlock explosive distance and forgiveness with improved sound and feel
ECHO® Damping System	Designed with energy channeling geometry to quickly eliminate harsh vibrations at impact delivering better feel without sacrificing face flexibility
Speed Pocket™	Patented TaylorMade technology engineered to maximize face flexibility for increased distance and forgiveness on low-face strikes
Forgiving Shape Design	Head shaping designed for an unmatched combination of distance, forgiveness, and playability. Designed with a large face area to increase stability and wide sole geometry for forgiving turf interaction
Low Center of Gravity	A wide sole geometry, lightweight fluted hosel, 360° undercut and ultra-thin face shift mass from high in the club head down into the bottom of the sole for a low, back CG resulting in high, penetrating ball flights
