

GHØST Spider

TAYLORMADE SPIDER IS BACK WITH A VENGEANCE

GHOST SPIDER

- > White head contrasts with turf to make aiming dramatically easier to square the clubface
- > White finish eliminates glare and "hot spots"
- > Black, easy-to-see "basketball court" alignment lines make it easy to aim
- > PURE ROLL technology promotes forwardspin for smooth roll
- > New Surlyn face insert delivers soft sound and feel
- > Two 4-gram movable weights contribute to highest MOI of any TaylorMade putter

"The Ghost Spider I'm using has given me a whole new level of confidence. The white color makes it so easy to aim and the shape makes it so stable. I've never had this much control or made so many putts."
