

FORGIVENESS. TAKEN FARTHER.

MULTI-MATERIAL CONSTRUCTION FOR LOW CG

- 6-layer carbon crown, 450 stainless steel body, and 455 stainless face

INVERTED CONE TECHNOLOGY

- Designed to protect ball speed across the entire clubface to produce a big sweet spot for more forgiveness

GEOACOUSTIC™ TECHNOLOGY

- Advanced shaping with a two-tiered sole design provides added playability from all lies
- Sound ribs that have been externalized for exceptional sound and feel

OPEN CHANNEL SPEED POCKET™

- Engineered to increase flexion that delivers more ball speed on low-face shots
- Designed to generate distance by decreasing backspin

FLUTED HOSEL DESIGN

- Provides superior sound and feel without compromising CG or distance
