

MAXIMIZED DISTANCE AND HEIGHT, THROUGH LOW CG PERFORMANCE

PUSHING THE LIMITS IN IRON DESIGN AND ENGINEERING

ULTRA-LOW CG & MAX-COR

- Ultra-thin 1 mm top line and moving discretionary weight low in the head are designed to provide higher launch and incredible distance
- 1.5mm thin, Max-COR face, the M2 2019 iron is engineered to give golfers consistency on each strike

GEOACOUSTIC™ ENGINEERING

- Acoustic engineering through geometry combined with a multi-material fin badge, helps dampen unpleasant vibrations for confidence-inspiring sound and feel
