

# BURNER<sup>®</sup> 2.0 IRONS

## HIGH COR FACE DESIGN

## Legendary Burner<sup>®</sup> Distance Plus More Feel and More Playability

"We've succeeded at creating a better-performing iron with the Burner 2.0, which is long, easier to play and more refined in its feel and sound."

- ▶ Each iron individually engineered, resulting in the enhancement of multiple club properties that promote distance, uniform distance-gaps, increased playability and better sound and feel
- ▶ Thin-faced, high COR long-irons promote faster ball speed for longer distance
- ▶ CG location in each head is precision-placed to optimize long-, middle- and short-iron flight; high-COR faces promote fast ball speed for long distance in the long-irons
